WINDSOR CHRISTIAN ACADEMY

4- and 5-year-olds

KINDERGARTEN

Give your child an ***excellent*** beginning!

WINDSOR CHRISTIAN ACADEMY

offers a complete K4 and K5 Kindergarten Program!

Proven Curriculum

We use the time-tested A Beka Book Curriculum which provides the very best in academic excellence and Christian character training.

Reading in kindergarten

Even four-year-olds learn to read in our enjoyable program. Beginning with letters and sounds, they progress to reading words, sentences, and stories in their own reading books. The children take home each book they finish to enjoy it over and over.

A good start for your child

Besides reading, your child will learn simple arithmetic and good writing skills that will provide a head start in elementary school. Children also develop good habits and social skills through daily practice.

Kindergarten graduation

Complete with caps and gowns, kindergarten graduation will be a time you and your child will cherish for years to come.

Affordable Tuition

Our own partial scholarships for K4 students, Step Up For Students scholarships for K5 students, and our 10-month payment plan make it affordable for you to enroll your child at Windsor Christian Academy. Call us for more information on how you CAN afford a private Christian school education for your child!

To enroll your child

Your child must be five by September 1, 2020 to enter K5 or age four by September 1, 2020 to enter K4. Please call to make an appointment to visit our campus. We will answer your questions and provide you with the necessary enrollment application. A $50 registration fee is required upon enrollment.

Christian Character

As a ministry of **Windsor Baptist Church**, our mission is to train young people for time and eternity in an environment totally saturated with the Bible.

We are a distinctively Christian school. The passion of the teachers is to be modeling and teaching the Bible to our students. It is our heart's desire to see every student developing a personal, saving relationship with the Lord Jesus Christ of the Holy Scriptures.

Each school day includes **Scripture memory, Bible classes for all ages, chapel, and prayer time.** These are important times to challenge and encourage students to reflect on God's Word and apply it to their lives both at school and at home.

Affordability

Are you **dissatisfied** with your child's public school experience?

Are you **afraid** you can't afford a private school education for your child?

Do you **wish** to see Christian virtues instilled in your child's mind and heart?

Do you **hope** your child will be trained to think critically and Biblically about the hard issues of our day?

If you answered "yes," Windsor Christian Academy may be the right choice for your child. We consistently see improvement in students' honesty, respect, responsibility, and kindness within their first year of attendance.

Your child may qualify for an income-based Florida Tax Credit Scholarship with **Step Up For Students** which will pay in full for tuition and books. Visit their website for more information:

www.stepupforstudents.org

We also offer a limited number of partial scholarships to attend Windsor Christian Academy. We are committed to Christian Education. If you believe God is calling you to this same commitment for your child, please give us a call.

Still think you can't afford it? Call us!

Academics

Windsor Christian Academy uses A Beka Book Curriculum for lower grade levels, and transitions students into the A.C.E. (Accelerated Christian Education) curriculum for our upper grade levels.

A Beka Book provides Christian schools with outstanding curriculum and textbooks built on a foundation of academic excellence and Christian character training. A Beka's treasury of textbooks and teaching materials reflect the very best in traditional education, comprehensive curriculum, and eternal truths.

Accelerated Christian Education's concepts are based on the following Five Basic Laws of Learning:

- Each child must be at a level where he/she can perform.
- Each child must have reasonable goals.
- Learning must be controlled, and he/she must be motivated.
- Learning must be measurable.
- Learning must be rewarded.

Based on these principles, the A.C.E. curriculum assures parents of:

- A solid, mastery-based, back-to-basics education for their child.
- A course of study diagnostically individualized to meet a student's specific learning needs and capabilities.
- A program incorporating Scripture, Godly character building, and wisdom principles.
