

WINDSOR CHRISTIAN ACADEMY

2022-2023 APPLICATION FOR FINANCIAL AID

Windsor Christian Academy's tuition rates are published in our Tuition and Fees Schedule and on our school website. Many of our families are unable to pay our published tuition rates, and many receive a Step Up For Students scholarship for their child which pays all tuition and curriculum charges. By filling out this Application for Financial Aid, you are requesting the staff of Windsor Christian Academy to make certain sacrifices in order to accept your child as a student. We want to help you give your child a Christian education, but we expect you to be willing to make the same kind of sacrifice by agreeing to pay what you are able toward your child's education and by paying your school bills on time each month.
